To our son

Dear my son we got the news which we had
not heard for so long now that it was quite
good for us to have the news. We were very
glad to hear about our mother who has been
very well and has been writing to us
and telling us all about her. She is still
very ill but she is getting better every day.
Please tell her to write again to us soon. We
are very glad to hear from her.

With love to you all

Yours ever
John and Mary
